MYSPACE LOCKERS ARE A SECURE PERSONAL STORAGE SOLUTION FOR THE AGILE WORKPLACE

MySpace Lockers are the perfect personal storage solution for any office environment. Available in a range of sizes, they fit perfectly together to create banks of lockers or combine them with other products from the MySpace range.

Flexible and stylish, they can be used to define spaces as well as act as visual or traffic barriers; the 6-person Locker can even be used as an additional touch-down or meeting area.

Additional options such as power, postal slots, and personal drawers make this a very versatile product offer.

POSSIBILITIES

The multitude of customizable color and finish options allow easy coordination with existing design schemes and makes creating impactful brand statements simple and easy.
